Art Unit: 3764

Claims 1-8 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or fairly suggest singularly or in combination a dumbbell comprising a handle tube, having an interior surface having a straight groove 3extending from one end to an opposite end of said handle tube, each shaft having a partial thread on it's surface, said partial thread extending from one end to an opposite end of said shaft, respectively and, wherein; each said shaft has a diameter and said partial thread has a pitch and width and said interior thread having a pitch and said groove having a width all arranged in combination to permit telescopic alignment between said shaft and said groove. Said shaft being received into said interior of respective ends of said tube, then turning said shaft to engage said partial thread whereby said shaft is detachably secured to said handle tube and wherein a plurality of weights are secured between retainers and stop plates.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
